Year 2 - Key Stage 1 Teacher Assessment Data

Please note the KS1 teacher assessment data is informed by KS1 tests. Levels have been moderated by SLT and discussions have taken place with Fleggburgh Primary School staff (who had work externally moderated this year) to ensure consistency and accuracy with level judgements.

One pupil has left the Year 2 group and it appears that her results have not been included on SATs submission data, therefore data is based on a cohort of 23 pupils.
